

Lugger Cargo Securement Compliance

Ace's remedy to comply with CVSA's new cargo securement regulations (Title 49: § 393.102) is simplistic but effective.

Simply attached hook to lift key on the container's front lift lug and pull chain through the first banjo eye and then the second banjo eye for back up securement.

\$562.00

Included in the Kit:

- (2) 15" Grab Hooks 12,000 lbs. Working Load Limit (WLL)
- (2) 36" 1/2" Grade 80 Chain 80,000 lbs. WLL
- (2) Chain Hook Connectors
- (4) 1/2" Banjo Eye" Chain Securement Plate (Weld On)

4-Hole Lift Keys are available to help the driver remain on the ground.

Can be used on all lugger makes and models!
